Eric Medemar here,

Want to write headlines that harpoon your prospects eyes and wheel them into your copy (even if they don't want to read)?

The fact is, if prospects don't read your copy, they don't buy your products. Sure you could try to reinvent the wheel and pioneer your own hard hitting headlines, but you and I already know what happens to pioneers...

They end up with arrows in their backs.

Can you guess who some of the highest paid and most respected copywriters in the world work for? I'll give you a hint, here's some of the headlines they've written:

- **HIS #1 SEX WISH.** 71 guys crave this move. You're gonna want to drop the magazine and do it on the spot.
- **50 SEX TRICKS.** Trust Us: You'll be the first girl naughty enough to try #43 on him.
- **BEST. SEX. EVER.** Out gutsy new tips are guaranteed to give him the most bad ass orgasm imaginable and you too.
- **Weird male behavior decoded.**

Any guesses? Cosmopolitan Magazine.

Yep, the same magazine that crams womens heads so full of twisted ideas about the male psyche that at times I'm left wondering how they got in my head.

That same magazine staffs some of the highest paid copywriters on the planet. Why? Think about it. Cosmo is magazine isn't just a shelf magazine, it's a checkout magazine. Meaning that their headlines must grab a readers attention in the checkout isle of the super market.

Can you think of a place where your headlines need to make a reader drop what they are doing and click on your ad? **The answer is “What is Pay Per Click” Alex.**

Well enough with the small talk, let's get to it shall we.

To your continued success,

Eric Medemar
